

Horse, Dog, Mustache, Wife Steel Profits, One Billion A Wall Street Necklace Two Billions of Us

The rules of West Point forbid the cadet to have 'a horse, dog, wife or mustache.'

Cadet Paul Capron, Jr., found he could get along without a horse, dog or mustache. But when he saw Marguerite Gillespie, Cadet Capron, decided that the academy rules were too strict.

Miss Gillespie is now Mrs. Capron, and Mr. Capron, no longer at West Point, is now looking for a newspaper job in Boston.

Ancient Sparta had rules similar but more severe for young men. It is wise to bar mustaches that gather germs. Horses and dogs are not necessary. But why shouldn't a young West Pointer marry if he wants to marry?

If you have a steel business, and run it well, you can make money in America, with help of a protective tariff.

Income tax reports of the leading steel companies show that in six years past they have paid income tax on one thousand million dollars of profit. A billion in six years is good profit, but no more than a great industry should make in a prosperous country.

The benefit of buying at home from your own people, even if you pay a little more, resides in the fact that the money stays here, goes into other American enterprises, more factories, more production, more prosperity.

Where a few persons are gathered together, only the stock market is discussed. A Fifth avenue jeweler in New York lets it be known that he has for sale a \$200,000 pearl necklace, which can be bought for \$100,000. But it must be all cash. Some lady apparently expected prices to go up forever.

Wall Street names a speculator alleged to move from the ticker to his automobile surrounded by five men to guard him. He started a bear pool two weeks ago.

A few friends each invested \$100,000, and each has thus far taken out in profit \$1,500,000.

The five body guardsmen are hired on the assumption that angry losers might plan a lynch party for the head of the bear pool.

The rain falls on the just and unjust, and a market slump falls upon the good and bad stocks.

Of millions that rushed to buy stocks when they were going up, only a few, the wise minority, will know enough to walk in carefully and buy when they fall below what they are worth.

Wise old Rothschild who said he made his money 'selling too soon.'

The human family is bigger than it thought. The league of nation's statistical department shows that earth's population is only 50,000,000 short of 2,000,000,000.

Two thousand million human beings is a big crowd, of whom the majority never think, and a minority think occasionally.

The wonder is not how slowly we progress, but that we progress at all, the few dragging the many along with them.

Uncle Sam, you will be glad to hear, has started a really big dirigible for carrying passengers and for fighting purposes. A golden rivet, driven by Admiral Moffett, completed the 'master ring' of the new dirigible.

The lighter than air ship, 785 feet long, 140 feet high, will carry 6,500,000 cubic feet of helium gas. The Los Angeles carries 2,500,000 cubic feet, the Graf Zeppelin, 3,700,000.

This newest, greatest of air giants, built by the Goodyear-Zeppelin corporation, will have as part of its equipment five airplanes to fly around it, warding off airplane attacks in war. Let us hope that will not come. Let us also remember that we shall be much less apt to have it if we keep ourselves ready for it.

Douglas Davis flew from New York to Atlanta, Ga., in five hours, a record.

Shortly, New York, Chicago and other cities' business men, after the stores and exchanges close on Saturday, will fly south in the winter, landing in time for dinner at the beautiful resorts on the Georgia coast, in time to swim or play golf before dinner.

Treasury department statistics show that somebody is prosperous.

Two hundred and ninety Americans reported incomes over \$1,000,000 each. Combined incomes of the 290 amounted to \$600,000,000.

Eleven reported incomes above \$5,000,000 each. The income of the eleven totaled \$95,000,000.

And this gives no idea of our really big incomes. Several men in America have \$50,000,000 a year each, one at least an income exceeding \$100,000,000. Their properties are in stocks that pay corporation income

POULTRY SHOW OPENS IN CAMERON FRIDAY

FAIR WEATHER EXPECTED FOR ANNUAL SHOW AND BIG DISPLAYS EXPECTED

The Milam County Poultry Show will open in Cameron Friday morning, November 15 and continue thru Saturday, November 16.

Fair weather was predicted for the two days and it is expected that a large display of poultry will feature the 1929 show.

Secretary Wm. Cobb of the Cameron Commercial Club who has been active in promoting the shows here for a number of years expressed the belief Thursday that a large number of exhibits from the Cotton Palace show at Waco would be in the display hall of the Milam county show.

The poultry shows held in Cameron have been splendid exhibits and have encouraged the poultry raisers in Milam county to raise better grade poultry. Mr. Cobb will have the co-operation of George Banzhaf, county agent and Miss Minnie Bartholomew, the home demonstration agent.

The prizes to be given by Cameron merchants are the same as prizes offered last year. The show is sponsored by the Cameron Commercial Club and will attract a large number of exhibits from the choice flocks of Milam county chickens.

No extra fees will be charged to Milam county breeders, otherwise the competition will be open to all. Coming so closely upon the heels of the Cotton Palace some large out-of-town exhibitors will no doubt be entered.

The poultry show will be held in the building formerly occupied by the tailor shop next to the

VETERANS HERE ENJOY ARMISTICE PROGRAM

DINNER AND PATRIOTIC PROGRAM FEATURES DAY AS EX-SOLDIERS GATHER

Armistice Day, November 11 was observed in Cameron with the annual dinner for the veterans, a patriotic program and a football game in the afternoon.

It was estimated that more than 300 veterans attended the dinner. The dinner was in charge of Mrs. B. P. Matocha and with her assistants the men were served and entertained in the Knights of Columbus hall.

Royal P. Jeter delivered the address of the day. He discussed at length the part played by the American men in the world war and their continued contribution to the peace time program of the nation. The address of Mr. Jeter was thoroughly enjoyed. He is an entertaining speaker and on this occasion spoke at length on the various phases of the war period, lauding the patriotism of the men and recalled with characteristic eloquence the stirring days of 11 years ago when the flower of the nation was called to defend the ideals of country.

Dr. John L. Denson spoke on the benefits of hospital service for the ex-service men as supplied by the government. Dr. Denson was a major in the medical corps of the army in France. Mr. Jeter at one time served in the United States navy.

Music for the occasion was furnished by the Pioneer Band led by J. T. Parma. J. D. Baskin was master of ceremonies. He served with the army in France.

In the afternoon the Yoemen played the Southwestern University reserves in the annual gridiron game. The Yoemen lost the game 18 to 0.

Equipment Here For New Hatchery

Equipment for the new hatchery of Horning Brothers of Lexington is in Cameron and ready to be installed. The proprietors of the new plant were in Cameron Wednesday making arrangements for the installation of the plant.

The new hatchery will be located in the Mondrik building next to the Howell music store.

The hatchery is expected to be placed in operation by December second. Horning Brothers have been operating a hatchery in Lexington for a number of years and are experienced operators. A factory representative will be in Cameron to assist in the installation of the plant.

Cameron Banks Will Close At 4:00 P. M. On Days Beginning 14th

Cameron banks will close for the day each day at 4 p. m., beginning Friday, November 14th. Announcement to this effect will be found in this issue of The Herald signed by the Cameron State Bank, First National Bank and the Citizens National Bank.

The banks ask the co-operation of their patrons in observing this hour for closing. Employees of the banks will appreciate this hour of closing because it will give them opportunity to leave their places of business at an hour customary for other workers. Bank books must be balanced each day and the detail work of each day closed for that day.

Beginning Friday, November 14 the banks will close at four o'clock in the afternoon.

Singing Convention To Meet In Cameron On Sunday, November 17

Preparations were well under way Thursday for entertaining the Salty Singing Convention which meets in Cameron on Sunday, November 17.

The convention which will attract singers and visitors from all sections of Milam county will be held in the auditorium of the Yoe High school building. A number of leading singers from over the state have been invited.

Weather conditions have improved and it is expected that the 1929 convention will have a record attendance. Carence Jackson is president of the convention. It was announced that plans were under way to entertain the singers.

The convention has met in Cameron on several occasions and the people have extended every possible courtesy. The convention brings to this city a large number of people who do not visit in this city often and those in charge of local arrangements invite the people to attend and to assist in the entertainment of the visitors.

Grand Jury Holding Session May Report To Judge Friday

The Grand Jury in session here was continuing its sessions Thursday and it was expected that the jury would render a report possibly Friday.

The jury began its work here Monday for the November term of court. There have been no cases tried in District court this week but the docket will be taken up beginning next week.

YOEMEN POLISH UP FOR GRID BATTLE

MUST PLAY BRYAN, FRANKLIN AND BRENNAM TO WIN DISTRICT TITLE, IS REPORT

Coach Perkins was busy today making plans for the football game in Cameron Friday against the Bryan high school team and again on Monday November 18 he must lead the Yoemen against the team from Franklin.

Both games will be played on local gridiron. On Friday November 22 the Yoemen will go to Brenham to play that team and all this is necessary to win the district title, it was announced here this morning.

When the Caldwell game was played it was announced as the deciding factor in the district championship and Cameron was by that victory thought to have been champions of the district. But it now appears the Yoemen must press on further with the schedule.

It is believed that the Yoemen will have no trouble this year in winning the title. The other teams have been beaten by Caldwell and Cameron defeated Caldwell here.

Cameron people are urged to attend the game here Friday and Monday. If possible arrangements will be made to have a large delegation go to the game in Brenham as that will be the hardest game of the schedule of three games remaining to be played to decide the title.

REV. P. T. RAMSEY TO CHURCH AT CROCKETT

REV. C. A. LIMBERG TO SUCCEED REV. RAMSEY IN LOCAL PULPIT

Rev. P. T. Ramsey, who has been pastor of the First Methodist church in Cameron for the past two years has been transferred to the First Methodist church in Crockett.

The transfer of Rev. Ramsey was made at the Methodist conference in session at Palestine.

Rev. C. A. Limberg will succeed Rev. Ramsey as pastor of the First Methodist church in Cameron. The new pastor will be welcomed to Cameron next week.

Rev. Ramsey has directed the affairs of the church here for the past two years and the people in Cameron will regret his departure for the charge at Crockett. He will preach his farewell sermon in the local pulpit on Sunday.

L. W. Bailey
W. A. Bonds
J. L. Barmore of Maysfield is foreman of the jury.

Parents Day At Schools November 15

Friday, November 15, is Parent's Day on the calendar of the Parent-Teacher Associations. Friends and patrons of the Cameron schools are requested to visit their schools at any time most convenient during school hours. The teachers will welcome you, and in no other way can you so well get in touch with the surroundings of your children. You will find new friends, get new ideas, and exhibit a spirit of kindly cooperation. Visit your school on Friday.

The executive board of the Cameron P. T. A. had a meeting Wednesday morning at nine o'clock at the home of its president, Mrs. H. E. Garner. Plans were completed for the regular monthly meeting of the Association on the following day, the constitution and by-laws were read. Mrs. E. A. Wallace and were accepted by the board. Reports from standing committees completed the business of the morning.

Miss Clyde Baskin, who teaches at Bartlett, came home for the Armistice holiday and brought with her as her guest, Miss Aline McKenzie of Denton who also teaches at Bartlett.

Suit Grows Out Of Personal Difficulty And Signing Bill

The case of J. A. Jamison vs. W. W. Cox now being tried in district court was begun on Tuesday of this week and it was expected Thursday that the trial would be concluded on Friday or Saturday.

The case is a suit brought by Jamison against Cox growing out of the signing of a lie bill which the defendant is alleged to have made the plaintiff sign as a result of remarks alleged to have been made about one of the daughters of the defendant. At the time of the signing of the bill, it is alleged that a fight occurred at Jamison seeks damage as a result of the trouble, it is said.

The case has attracted considerable attention, the court room being crowded with witnesses and interested spectators.

CHRISTIAN REVIVAL CLOSED WEDNESDAY

PASTOR HARDIGREE TO BEGIN REVIVAL IN ROCKDALE CHURCH NOVEMBER 14

The revival conducted by Rev. Joel B. Hardigree, pastor of the First Christian church, in the Presbyterian church building closed Wednesday evening with Mr. Hardigree's sermon on 'The Christian Growth.'

Last Friday evening Rev. J. P. Love, pastor of the local Episcopal church, contributed a sermon which was very interesting and was enjoyed by an attentive audience.

The Saturday evening audience was larger than expected.

The church was well filled Sunday morning when Mr. Hardigree spoke on 'The Love of God' and again Sunday evening when he spoke on 'The More Excellent Way.'

Monday was a holiday, but despite that fact a number of people were out to hear 'A Change of Heart.'

Tuesday evening Mr. Hardigree's sermon was 'A Plan of Salvation.'

The meeting was a success and the church pleased with the results. Again we wish to thank and to express our appreciation to the members of the Presbyterian church for the use of their building. It was considerate of them to let us use the building and we tried to show our gratefulness by taking care of it. We thank the Presbyterian choir members who faithfully and willingly sang during the meeting. We also wish to thank those of other denominations who assisted with the singing. We are grateful to all who participated in this meeting to promote its success. As stated last week, we are happy over this fine fellowship and feel that our efforts were not in vain. No additions were secured, but after all the meeting was not held for the purpose of getting new members (though we would have gladly accepted and welcomed any who might have come) but was held for the purpose of reviving the membership and of bringing them into a closer brotherhood and relationship.

Especially do we wish to thank Mr. C. S. Hayes for the services he rendered and for his able assistance. His solos were enjoyed by all and contributed greatly to each service and the revival in general. His happy disposition and cleverness brought much into the meeting. We were happy to have him in our midst and hope we will have the pleasure of entertaining him upon each return to Texas.

Rev. Hardigree and Mr. Hayes go from here to Rockdale to conduct a revival at the church there. The meeting will start Thursday evening, November 14, and continue through the 24th. The members and friends of the Christian church are invited to attend these services, as they are contributing to State Missions.

COTTON REPORT

There were 36,794 bales of cotton ginned from the crop of 1929 prior to November 1 as compared with 60,661 bales ginned for the same period in 1928. This report is made by Grover H. Albert of Burlington, special agent for the Department of Commerce, Bureau of Statistics. The total figures shown for that date 1928 represent all but 9000 bales of 1928 crop as a little over 69,000 bales were produced in 1928. It is estimated that the crop this year will be slightly over half the size of the 1928 crop.

EPISCOPAL CHURCH

BOY SCOUT SERVICE BUILDING CHARACTER

STANLEY HARRIS, VETERAN SCOUT WORKER, TELLS LIONS OF BENEFITS

Character building is the outstanding benefit of Boy Scout work said Stanley Harris, national organizer for the movement in America in an address before the Lions Club Tuesday.

Mr. Harris made the address thru the arrangement of the program committee of which F. E. Jackson was chairman.

As a member of the national staff Mr. Harris has had wide observation and a ripe experience. He came to Texas in the interest of inter-racial scout work, a division of the service he now superintends. He told of the work of organizing scout movements among the negroes of the south and the results obtained through this work in building character.

A discussion of the crime wave in America came in for a portion of his address. In centers where scout work is undertaken on a substantial basis crime among young boys has been reduced to a bare minimum and in no instance on record has a scout fallen below the standard or become involved in criminal practices.

He told of the work being done among all nationalities in America and the good results obtained. Mr. Harris is the oldest man in point of service now allied with the scout movement.

The members of the high school glee club presented an American song in costume.

President Martin urged Lions to attend the banquet in Temple on Thursday night which is being arranged in honor of Melvin Jones, International secretary-general. Ray Burke, as chairman of the committee has asked that Lions who plan to attend the banquet notify him before the meeting so he may inform the Temple committee of the number to attend from Cameron.

The program for next Tuesday will be in charge of W. O. Newton and committee.

Miss Delphya Scott Now Writes For San Benito Newspaper

Miss Delphya Scott, former assistant editor of the Cameron Enterprise and for a number of years, prominent local newspaper writer, has accepted a position with the San Benito News and will be there in the future.

The many friends of Miss Scott in Cameron will be pleased to note that she has taken up newspaper work in the valley city. She began her work there on November 6. The San Benito News is a weekly paper and one of the best in the valley and Miss Scott will be responsible in a large measure for the continued standard of excellence of that publication.

Purina Feed Display At Poultry Show

Of special interest to exhibitors and visitors to the Milam county poultry show here Friday and Saturday will be the display of Purina Feeds by Mondrik Brothers who have been requested to feed the poultry during the show.

An advertisement in this issue of The Herald tells of the merits of this feed for poultry and dairy cows.

MRS. G. N. SMITH

Mrs. G. N. Smith, age 67 years, died at her home in the Jones Prairie community on Thursday, November 7 at eleven o'clock in the morning. Funeral services were held Friday afternoon November 8, at three o'clock at the Little River church, with Rev. R. Dobson officiating. Interment was in the cemetery adjoining the church. Green Brothers in charge of arrangements.

Mrs. Smith is survived by her husband and four children: Hubert Smith, Mrs. Archie McLerran and Mrs. Dewey Black, all of Jones Prairie and Mrs. Alfred Wall of Baileyville.

MRS. SARAH JANE BOOTH

Mrs. Sarah Jane Booth died at her home in Cameron on Thursday, November 7. Funeral services were held from the home of her step-son, Hammond Peed, at two o'clock in the afternoon, November 8, with Rev. J. Love officiating. Interment was in Oak Hill Cemetery, Green Brothers in charge.

Mr. and Mrs. J. M. Bowman and Dr. and Mrs. James Watson went to Moreville Monday to attend the funeral services of an aunt of Mrs. Watson's and Mr. Bowman's.

Texas and Texans

By Will H. Mayes

Smith County Peaches

If there is anything in the adage 'By their fruits ye shall know them,' Smith county is likely to be the best known part of Texas in a year or two, as 35,000 young fruit trees, mostly peaches, were planted there last year. Several fruit growers have more than 100 acres planted to peaches. The county has long been noted for its fine fruits, dewberries and strawberries. Pecan orchards planted in recent years are also coming into nice bearing. It hasn't been long, either, since that county was thought to be good for nothing much except corn, cotton and politicians.

East Texas Today

But Smith isn't the only East Texas county that has changed in recent years; progress is evident in every part of East Texas. Not only are the farmers practicing diversification in their farm operations, but they have substituted registered hogs for razorbacks, shorthorn and Jersey cattle for longhorns, record-laying hens for barnyard dominiques, paved highways for sand roads, and consolidated schools for the one-teacher schoolhouses. There is one thing East Texas is doing though, that this columnist doesn't like. Its Chamber of Commerce is issuing a monthly publication that causes him to want to pack up and move over there every time reads a copy of it. This makes him restless.

Christmas Strawberries

The Javelin (that's a newspaper) at Carizo Springs (that's a town) says that strawberries (that's the chief ingredient of short cakes) will be shipped from there in large quantities for Christmas dinners. This paragraph is a reply that they will be mighty acceptable all over Texas if the price is within reach of the average householder and is also a notice to the producers that this columnist always has a large family at home at Christmas time. Perhaps that is as much as should be said just now.

No, it isn't, for here is an article from San Benito in the Lower Rio Grande Valley, that the largest acreage of strawberries ever set out there

is going to be ripening for the Christmas dinner table.

Turkeys Ripening, Too

At least a dozen newspapers reaching my desk this week report the opening of new produce houses for handling the Thanksgiving and Christmas turkey crops, which seem to be abundant in most parts of the State. There is a strong rivalry between Cuero and Brady as to which produces the most and the best turkeys, with Lampasas, San Saba, Brownwood, Llano, Burnet and a half dozen other places claiming that, while other sections may make more noise about it, they are the centers of Texas turkey production. This scribe is not in position to settle the dispute.

Frank Kell's New Road

Frank Kell of Wichita Falls, is always busy at some big thing, and now one of his score of enterprises is a railroad from Abilene to Cross Plains and the road will give Abilene direct connection with Waco. It will penetrate a rich agricultural and stock section, the development of which will be much faster when it gets a railroad outlet. Men like Kell help a country while helping themselves in their enterprises. Cross Plains will profit much from the new road.

Power Plans Revived

It begins to look like the Colorado river is to be dammed after all. The Insull interests withdrew from the proposition after Brownwood refused to let them have all the water the stream and all its tributaries could furnish, but now it is stated that another organization has become insufficiently interested to ask for a renewal of the permit which will soon expire. The company, which has headquarters at Seguin, says it has expended considerable funds on the project and that its first work will be to build the dam at Marble Falls, which will be used to furnish power for the cotton mills to be located there, a project that has been delayed for some time pending settlement of the water rights controversy.

Some Cotton Haul

In the cotton parade at the Waco Cotton Palace there was a bale of cotton that had been hauled there by truck from Sudan, Texas, 454 miles from Waco. The owner or hauler received a prize of \$50 for bringing the cotton the longest distance to enter it in the parade. That is some distance, but the cotton was brought only to about the center of the State.

Brownsville should try to get that bale of cotton taken the rest of the way across Texas.

Large Wheat Crop Planted

Panhandle farmers must think that the Federal Farm Bureau is going to help them sell their next wheat crop to advantage. An increase of 42 percent over last season's planting is shown in a survey that has been made. The estimated crop for that section is 2,500,000 acres, as compared with 1,750,000 acres last year. Production for the section last season was 42,000,000 bushels.

Road Building Increases

Sixteen States have curtailed their road building this year despite the nationwide appeal of motorists and road builders for more roads. In 7 other states road building expenditures will fail to keep pace with the increase in automobile registrations, according to a report of the American Motorists' Association. Texas is one of 7 states, where the highway programs provide for increased expenditure, the other states being Georgia, Idaho, Kentucky, Massachusetts, Mississippi and Tennessee.

Mineola Steps Up

The discovery of oil at Van, in Van Zandt county, has given an impetus to improvements in that section of the state. Hotels are being built to accommodate the crowds that are coming and expected to come to the section. Chambers of Commerce are being organized and those that have lapsed activities are being reorganized. Mineola is one of the towns that is taking on new life and making numerous civic improvements. Oil is of benefit to more interests than just the owner of the oil wells.

Weatherford's Fair

Weatherford opened its fall fair with a parade two miles long, which was followed by a record breaking attendance at the fair, something most of the county fairs are doing this year. What a pity it is that Weatherford does not have its annual fair during the watermelon and cantaloupe season. A two mile parade then could be given that would attract nationwide attention. But perhaps Weatherford people are then too busy selling and eating melons to exhibit them in a parade.

Building Fine Church

Fort Worth Methodists have started a church building that will cost \$650,000. While that sounds like a big

sum of money, Fort Worth Methodists are rich enough to build the church and not miss the money. Of course there are some poor church members in Fort Worth, as everywhere else, but as a rule the poor folks belong to the less expensive suburban churches, where they feel more at home than in the rich temples.

Maverick Water Plans

Application is pending with the State Board of Water Engineers for permit to divert water from the Rio Grande in Maverick county to operate a large power plant and irrigate some 60,000 acres of land, the water to be returned to the river after being used. The project contemplates an investment of some \$6,000,000.

Hamilton Has Gas

Hamilton now has natural gas and is feeling good about that and the fact that it has paved its principal streets. Texas towns are awakening to the fact that it pays to be comfortable and most of them now have most of the conveniences to be found in the cities.

SHERIFF'S SALE THE STATE OF TEXAS, County of Milam,

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Milam County, of the 6th day of November, 1929, by Penn Wolf, clerk of said court for the sum of One Hundred Ninety Five and 20-100 Dollars and costs of suit, under a judgment, in favor of The State of Texas, plaintiff in a certain cause in said Court, No. 883 and styled The State of Texas vs. E. B. Simmons and R. A. Kautz, defendants, placed in my hands for service, I, L. L. Blaylock as Sheriff of Milam County, Texas, did on the 6th day of November 1929, levy on certain Real Estate, situated in Milam County, Texas, described as follows, to-wit:

All that certain tract of land lying and being situated in Milam County, Texas, a part of the James Lewis Grant and described as follows: Beginning at the original N. W. corner of said Lewis Grant, from which a P. O. brs. S. 84 E. 4 vrs.; Thence N. 71 E. 574 92-100 vrs. to a corner on the N. line of the said Lewis survey. Thence S. 19 E. 926 25-100 vrs. to a stake for the S. E. corner. Thence S. 71 W. 574 92-100 to a stake for the S. W. corner hereof in the west line of said Lewis survey. Thence N. 19 W. 926 25-100 vrs. to the place of beginning containing ninety-eight

acres of land and being the same land conveyed to.

by Mrs. C. V. Prescott and levied upon as the property of E. B. Simmons and R. A. Kautz and that on the first Tuesday in December, 1929, the same being the 3rd day of said month at the Court House door, of Milam County, in the city of Cameron, Texas between the hours of 2 p. m., and 4 p. m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. B. Simmons and R. A. Kautz.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 6th day of November, 1929.

HERE'S a handful of Purina Poultry Chows turned into eggs. Hens get from Purina exactly the material from which to make eggs and keep up in body weight. Once you see the extra eggs you get by feeding from the Checkerboard bag you'll never feed anything else but Purina Poultry Chows. How many bags do you want today?

PURINA FEEDS

The greatest ration for poultry and dairy cows that has ever been sold to farmers. Purina Feeds not only have been proven superior in every test for results but they are sold over long years of use and Purina has a reputation to keep. Those who use it know Purina. A Body Building Feed; An Egg Producing Feed; A Milk Producing Feed.

MORE MONEY TO YOU!

We welcome you to this exhibit and to the show. You can know more about Purina Feeds when you see their use at the Poultry Show. We have been selected to feed chickens at the Poultry Show with Purina. Purina is the supreme Feed for Chickens and that is why poultry and egg producers use this feed in their business.

See Our Exhibit At The MILAM COUNTY POULTRY SHOW In Cameron, Nov. 15-16

Your advantage in buying Feeds from us lies in the fact that we sell PURINA and also that we stock these feeds in quantities, thus assuring you at all times a supply. You can buy PURINA in quantities to suit your needs and we always have a stock on hand. We consider it fortunate that we are able to render a distinct service to poultry and egg producers and to the dairy men. Right now when we are turning our efforts in this county to diversification and a balanced income on the farm there is nothing better than using the right kind of feed. When you want money from your chickens and from your dairy cows you must use the feed that produces results and you are not interested in any other kind of feed. We feel safe in saying that results such as you never thought could be obtained are available to you in the use of PURINA FEEDS.

The right use of Poultry and Dairy Feeds is a result of years of testing that is why Purina stands out today as the Supreme Feed for your needs. We want to serve you and to prove what we say about Purina is true and to afford you the results you need for profitable production of eggs and milk.

GAUSE

Armistice Day, November 11, was observed in the Gause public school by giving the students a half day holiday. Some of the students and teachers attended celebrations elsewhere.

The Pin Oak school was dismissed Monday, November 11, in order that a number of the children might attend the Armistice Day celebration at Cameron.

The B. Y. P. U. is the best we have had. There is great interest taken in each of the four departments and all are well attended.

Rev. Kendall and wife, pastor of the Baptist church, filled his regular appointments Sunday. At the morning services J. W. Pitts gave a very interesting report of an associational meeting held at Little River Thursday and Friday. One of the most interesting reports concerned the Mexican Missionary work in Milam county. Those attending the meeting from Gause were G. W. Bland, J. W. Pitts, D. W. Key and A. L. Madden.

The evening services were good, the singing was fine. Mr. and Mrs. Cook, Messrs. Hickman and Denman sang a very beautiful number. Miss Mary Sue Walker, teacher in the Gause school, was admitted to the church by letter and Mr. Audie Crockett by baptism.

Epworth Leaguers and a number of visitors enjoyed a program in keeping with Armistice Day, Sunday evening. The subject for discussion was "Can the term 'Christian' apply to a Nation?" Miss Edril Wilson, president of the League, read a very interesting account giving the meaning of Armistice Day some interesting statistics of the past war and how much more horrible a war in the future could be made with the newer inventions and gas chemicals which have been worked out to so fine a point.

To the disappointment of many, Rev. Weeks, former pastor of the Methodist church, was not sent back to his old charge. Our new pastor will be Rev. Ed Prather. He is expected to fill his first appointment at Gause Sunday, November 17. Everybody is invited to come and give him a hearty welcome.

Gause has been blessed with much rain the past week after a long dry spell. Dust and sand beds have been turned into mud holes which have proved to "stick" several cars.

The Ladies Aid met with Mrs. Lizzie Tidwell Monday afternoon. Those attending enjoyed the meeting very much and urge others to come.

The Ladies Missionary Society met at Mrs. S. R. Cochran's Monday afternoon for the election of new offi-

cers. Mrs. R. B. Self was elected president, Mrs. D. D. Todd, vice-president; Mrs. S. R. Cochran, secretary; and Mrs. A. Varner, treasurer.

Mrs. Davis of Cameron visited her little daughter, Frances Kent, and sister, Mrs. W. B. Cochran.

Misses Elaine and Juanita Thomas and James Harwood of Rosebud spent Sunday and Monday in Gause. Mr. and Mrs. J. H. Thomas and daughter, Emma Howard of Rosebud visited in Gause Monday taking Elaine and James back to Rosebud in the afternoon. Juanita will spend the week with her friend, Oradell Cochran.

Mrs. Bailey is visiting her son, Mr. W. H. Bailey.

J. M. Kilpatrick has returned to his training at Fort Sam Houston after a visit with his uncle, G. W. Kilpatrick, Sr.

Mrs. Lillie Partridge returned from the Cameron sanitarium Sunday where she has been very ill the past week.

Mrs. T. S. Lindsey was brought home from the Cameron sanitarium Saturday after undergoing an appendicitis operation several weeks ago.

Mr. and Mrs. Terry Moore and children of Richmond were guests in Gause during the week end.

Mrs. Knox Tidwell and mother, Mrs. Thorpe, of Hearne visited their sister and daughter, Mrs. L. S. Cunningham, Sunday afternoon.

Mr. and Mrs. Ed Fowler of Georgetown are visiting relatives in Gause.

Merton Bowling and Bill Gause, who are attending school in Cameron spent the week end with their parents.

Mrs. Jim Stroud and Mrs. Nichols and children of Cameron were the guests of their sister, Mrs. John Morgan.

Robert Obbts of San Marcos was the guest of Miss Alma Marie Barnes Sunday.

Those attending the celebration and turkey dinner given in honor of war veterans from Gause at Cameron on Armistice Day were Mr. and Mrs. J. Morgan, W. H. Bailey and Mr. Partridge. Mr. and Mrs. Cook, superintendent and teachers in the Gause school, attended the celebration after school was dismissed at noon.

Mr. and Mrs. Authur Bawling attended the Hearne and Franklin football game in Hearne Monday afternoon.

Messrs. W. B. Cochran, Joe Gregg Moore, Thomas Grey Ferguson and Cecil Butler all attended the Franklin Hearne football game in Hearne Monday afternoon.

VALLEY NEWS

The rain of last week was fine. I don't think they can say we haven't enough rain for moisture now.

Those visiting in Tom Henson's home Sunday were Bert Kenedy, Homer Watson, Tom Story and Annie Hunt.

J. R. Hunt was visiting in Fort Worth last Thursday and Friday.

Dwight McDonald has moved to North Elm where he will make a crop.

John Perskey visited the Cotton Palace at Waco the past week.

Some of the people here went to Cameron to celebrate the Eleventh and all reported a good time.

Mrs. Clara Nell Henson of Rogers who is in the hospital at Temple is reported better at this writing.

Ples Henson spent Sunday afternoon with Robert Hunt.

Mitch Mitchem was shopping in Rockdale one day last week.

Mrs. Dollie Voyles and children were visiting Mrs. Mabel Henson Sunday afternoon.

SHARP 4-H CLUB

The Sharp 4-H Club meeting was called to order at the school house Friday morning, November 8 at 10:45 by the president. The president asked the secretary to call the roll and the minutes of the last meeting were also read by the secretary.

Then the meeting was turned over

Putting the Ability In Possibility

Many a business man has found it necessary to pass up excellent possibilities because his financial status or lack of information would not permit him to take advantage of opportunities.

This institution, through its broad experience, its close contact with the commercial world, its strength and far-flung influence, has provided many of its commercial depositors with the ability to seize opportunities otherwise beyond their reach.

Perhaps we can serve you as profitably.

THAT PENITENTIARY REPORT

The Texas Prison Locating Board has recommended the location of the proposed new penitentiary system on a site 'within 20 miles of Austin.' Other recommendations are also made which are practically a repetition of the platform upon which Hon. Lynch Davidson made the race for Governor in 1924. Davidson offered a sane, business-like plan for rehabilitating the penitentiary system. He was given the cold shoulder last year, and again in 1926. Now the most thoughtful political minds have turned to the Davidson plan, and are recommending it to the people for adoption.

The Reporter sees no hope of it being adopted. It looks now as if the penitentiary system is to be continued as the State's political football, and the entry last week of Jim Ferguson as a tentative candidate for Governor will add mud to the already muddy waters. The present Legislature cannot be expected to adopt the locating committee's report. It has already gone on record as opposing the removal of the penitentiary from its present holdings, and Governor Moody's plan to call a special session in January to consider the report can only result in defeat of the proposition at considerable expense to the taxpayers.

Indications are that next year's political campaign will be the fiercest in the history of Texas; and that will be 'going some,' for this State is notorious for its red hot campaigns. Undoubtedly the penitentiary problem will be the chief issue in the campaign. Ferguson knows this, and astute politician that he is, he sees an opportunity to stage a come-back by appealing to the prejudices of a certain element. Texas has suffered long at the hands of the pie-counter politicians and demagogues. It looks like she is destined to suffer some more. She needs to be sent to a new hospital and have her appendix removed by making a practically clean sweep at the polls of the present set of men who 'represent' her at Austin.—Rockdale Reporter.

History of the Month

November was one month the Romans never troubled themselves to give a specific name. "The ninth month" it was called for that was originally its place in the calendar. From the Latin word 'novem' meaning nine has come our name for the month.

Later when two extra months were added and November became the 11th month its name was not changed. At one time, however, a change was suggested. July had been named for Julius Caesar and August for Augustus Caesar so a subservient senate offered to call the eleventh month after Tiberius Caesar. He declined saying, 'What will you do if you have thirteen emperors?'

Some things in this world have to be accepted on faith, among them is the statement that Chase's picture is on the new \$10,000 bills.

A number of senators heckled Chairman Legge of the farm board by asking why the farm problem had not been settled during the two months he had been in office. In as much as the politicians have been working something like eleven years on the project we think it no more than fair that Chairman Legge be allowed another month to effect a solution.

Our daily publishes pictures of the Nebraska couple who attracted attention when the husband killed the wife for refusing to kiss him. There are two things in the case that we don't understand. After seeing the picture of the woman, we don't understand why the man wanted to kiss her and then looking at the man we can't understand how he would think any woman would want to kiss him.

The women folks are rebelling against the return of the lengthened skirt. It was easy to shorten the long skirt. It was easy to shorten the long long to short, but the present change presents some difficulties. The women folks say they won't go back to long skirts, but when fashion cracks her whip there is no argument.

Fortunately few homes are troubled with the problem that tortures social Washington, which is: Who shall occupy the seat of honor. Out this way

any seat that affords access to the bread plate and gravy bowl is a seat of honor.

It is interesting to note these days when so much attention is being paid to show and parade and ostentation that the two marriages that have occurred in this country during the past year that might have been staged with a most lavish setting were marked with simplicity and were singularly free from anything of the spectacular. We refer to the marriage of Col. Charles Lindbergh and Anne Morrow, and John Coolidge and Florence Trumbull. In both cases the principals were so connected financially and otherwise that the ceremonies could have easily been made the outstanding social events of the year. But instead, good taste and good sense prevailed in both instances and the weddings were quiet, dignified and free from the commotion and excitement and hurrah that less discerning taste would have permitted. Both families possess ideals that we like to think of as American.

Shakespeare says something that sounds like, 'A man may smile and smile and be a villain still.' It may be true, but the other day we looked over the hundreds of pictures in the sheriff's office of men who are 'wanted' for crimes of various kinds and not a single one of them shows a trace of a smile.

Our daily reports that vitamins have been discovered in hash. The importance of the announcement lies in the fact that this closes the quest for a complete list of hash content. Every other known thing had already been discovered in hash by someone.

In the conduct of any business, farming or merchandise, no amount of hard work will take the place of a little good management.

MACHINE ROLLS STEEL TUBES LIKE CIGARETTE

OAKLAND DEVICE RECALLS TECHNIC OF BILL HART WHO ROLLED 'EM ONE-HANDED

The deft technic of Bill Hart who casually rolled a cigarette with one hand in his western film 'thrillers' is duplicated at the Oakland-Pontiac factories by a new machine which rolls flat ribbons of steel into perfect tubes and seals them with the fiery tongue of an electric current.

The machine which cost something over \$50,000, 'rolls its own' with such startling rapidity that it can produce the entire supply of tubing needed for exhaust pipes on both the Oakland and Pontiac Sixes. The flat steel stock feeds from a huge reel into one end of the machine and emerges from the other end as tubing of any desired length or diameter at the rate of nearly three-quarters of a mile per hour. The diameter of the finished tubing is accurate to five one-thousandths of an inch.

As the flat steel enters the machine it passes through a graduated series of feed rolls which serve the same function as did the talented fingers of Hart's left hand in executing his famous cigarette trick. As the edges of steel meet to complete the circle, they are welded together by a powerful electric current applied through a copper electrode which rolls like a double-flanged wheel along the line of the seam.

Other appliances remove the surplus welding 'flash' from the tube, jets of water cool it down to normal temperature, it is sized and finally, as it passes from the machine, it is bitten off in the proper length ready for installation on Oakland or Pontiac Sixes.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam,

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Milam County, of the 6th day of November, 1929, by Penn Wolf, clerk of said court for the sum of sixty-five and 50-100 Dollars and costs of suit, under a certain judgment, in favor of the plaintiff in a certain cause in said court, No. 1018 and styled The State of Texas vs. the unknown heirs

of A. J. Buffington, placed in my hands for service, I, L. L. Blaylock as sheriff of Milam County, Texas, did on the 6th day of November, 1929, levy on certain Real Estate, situated in Milam County, Texas, described as follows, to-wit:

FIRST TRACT—Beginning at the S. W. corner of a 162 acre tract of land conveyed to A. J. Buffington by J. J. Hairston for the S. W. cor. this from which a B. J. brs. GREAT GAMES

Football and basketball are great games; in fact, we all like a game of any kind if it is well played. Those who become known as stars at any game have necessarily spent much time in practice and study of the finer points of the game. An untrained player would not think it possible to play a winning game against a star player, yet young men and women without a business training try to play the game of business with the result that in nine cases out of ten, they make a miserable failure. A thorough business training in one of our four colleges would reserve the order of failure to where nine out of ten should make a success. A former student of ours who has made a great success, told us the other day that the money he paid for a scholarship in our school had produced larger returns for him than many money he had ever spent.

Since our four schools have the exclusive use of the Famous Byrne Simplified Shorthand and Practical Bookkeeping and no other business college is permitted to teach them, we can graduate a thoroughly trained stenographer, secretary, bookkeeper or accountant in half the time and at half the cost of other schools. Get our free catalogue, it will make clear to you how we can soon have you in a good position, or in business for yourself.

Fill in and mail for free catalogue. Address Byrne Commercial College, either at Dallas, Houston, San Antonio or Oklahoma City as you prefer.

PAINS QUIT COMING

Missouri Lady Says She Got Stronger and Awful Hurting Went Away After She Took Cardui.

Quin, Mo.—"For some time, I had been having an awful time with pains in my back and sides," says Mrs. Robert Creasy, of this place. "My head would ache until I felt as if it would split open."

"I was very weak and nervous. It looked like the least little thing would upset me. I was cross with the children, and I had no patience for anything."

"Often, when I would get up in the morning, I would have to go back to bed, I was so weak. I dragged through my work, but it took all my strength to do it."

"I tried many remedies, but nothing did me any good until I started taking Cardui. I had read how Cardui had helped others, and so I wanted to try it, myself."

"Cardui proved to be all that was said of it. I took it for several months, regularly. At the end of that time, I was in good health, and have been so ever since. I gained in weight, my appetite was good, and I was able to do all my housework without it hurting me. The pains quit coming."

Thousands of cases similar to that described above have been reported by users of Cardui.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. CHRISTMAS SEAL SALE STARTS NOVEMBER 28

PRECINCT CHAIRMEN ARE NAMED AND QUOTA FOR THE COUNTY IS \$500.

The County Council of Parent-Teacher Associations will this year have charge of the annual sale of Tuberculosis Christmas Seals. At a meeting of the Council held in Cameron last week the following organization was effected:

Chairman, Mrs. Albert Rettig, Cameron, Route 3.
Executive secretary, Mrs. J. P. Love, Cameron.
Recording secretary, Miss Jerry Shirley, Cameron.
Financial chairman, Mrs. Floris Criswell, Buckholts.
Publicity chairman, John E. Cooke, Rockdale.
Supply secretary, Miss Bess DuBois, Cameron.
Group chairmen were named as follows:

Precinct 1, Mrs. W. O. Newton, Cameron. Precinct 2, Mrs. Gail Newton, Maysfield; Precinct 3, Mrs. Asa McGregor, Milano; Precinct 4, Mrs. Ed A. Swafford, Rockdale; Precinct 5, Rev. Pentecost, Sharp (Buckholts Route 1); Precinct 6, Mrs. J. M. Mitchell, Buckholts; Precinct 7, J. A. Henderson, Ben Arnold; Precinct 8, Smith Summerlin, Thorndale.

Sale of the Christmas Seals will start Thanksgiving Day, November 28 and will continue until Christmas. The quota for the county is \$500, and if that amount is sold sixty per cent of the proceeds will be retained for health work in Milam county, the balance being sent to the Texas Public Health Association. This quota should be easily attained.

The purpose of this Christmas Seal sale is to get money for carrying out the program of Texas Public Health Association in its campaign against tuberculosis and other preventative diseases. This campaign includes such work as teaching health habits to school children, physical examination, tuberculosis surveys, lectures, literature, exhibits and clinics. It is a worthy work, well established and competently carried on by a recognized head, and is credited with a flattering degree of success and progress. The co-operation of all citizens of Milam county is cordially urged.

There is to be a meeting of the Executive board on Friday afternoon at 2:30 in the District court room.

MAN FELT BLOATED

For Distress After Meals, He Takes Thedford's Black-Draught and Says He Obtains Relief.

Gulfport, Miss.—"I have used Black-Draught for about five years," says Mr. George Chevalier, of this city. "I keep it in my house all the time.
"When I feel bloated, and have headache after meals, my method of taking Black-Draught is to take from a pinch to a level teaspoonful in my mouth, dry, and wash it down with about half a glassful of water, regulating the dose according to the situation by taking more or less, according to how I feel.
"I usually take a dose on going to bed, when needed, and am relieved next morning.
"I don't know of any medicine that I would exchange for Black-Draught. I believe if anyone is suffering from constipation, and would use Black-Draught as outlined above, he would get relief."
Thousands of other men and women find Black-Draught of great help in relieving common ailments, due to constipation, biliousness and indigestion.
Prepared from medicinal herbs and roots, of highest quality, carefully combined and packaged by automatic machinery. NC-211

WHAT WE THINK

One reason some people never get any higher up the ladder of success is that they spend too much time kicking the others in the face.

Don't kick, don't knock, do something constructive.

When I hear a knocker at work I always think, well, what have you done and it does not require any investigation to find that he has done nothing.

The only knocker I am in favor of is one who will knock a few of them cold. We will be delighted to supply the club.

Maybe it doesn't apply here, but this brings to mind the saying, 'You can't saw wood with a hammer.'

The best seller is usually the worst smeller. This applies to books and magazines, not to vegetables.

It is said that saxophone is produced in America every forty seconds. If we were to go on with the statistics, it would be well to have them piled in

one pile—say, in the Sahara Desert.

The latest one is about the Scotchman who paid \$5 for a sight-seeing trip in an airplane. After he got up in the air he tried to persuade the pilot to try for an endurance record.

And then there was the Scotchman who was so close that he got slapped.

The Dayton Journal says that men are like postage stamps. They have to stick to get anywhere.

Scientists have found that castor oil given once in awhile to plants will make them grow faster. Children will no doubt be glad to see it used that way.

It is reported that Harry Lauder, even though a Scot, has offered \$100,000 to the first man or woman to swim the Atlantic ocean.

Chevrolet Wins in 50-Mile Race on Midway Track

The same Chevrolet car, a six-cylinder roadster, which won a 50-mile race October 6th, with twelve entries won another 50-mile race at Midway Park last Sunday before a large crowd of interested fans. This race, as was that of October 6th, was 100 laps on the half-mile dirt track at this popular playground. Mule Whiteside drove the winning car.

Sunday's race was a match race against a Model A Ford car—the same Ford which ran in the first race. Both 100 lap races were finished by Chevrolet without a stop with the Chevrolet radiator perfectly cool at the end of the long run. Witnesses state that dozens of people put their hands on the radiator and motor of the winner, and dipped their fingers in

radiator water immediately after it was stopped, and that motor, radiator and water were cool, notwithstanding the Chevrolet ran without a fan—the car, the radiator being kept cool, as was stated, by the breeze through the Harrison Honeycomb radiator, the regular stock radiator for Chevrolet cars.

The other entrant in the race was forced to stop four times on account of heating, and finally had to abandon the attempt for this reason. To win the race the Chevrolet continued the run until the 100 laps had been put behind.

The Chevrolet entrant was furnished by the Bell County Motor Company, Belton, Texas.—Temple Telegram, November 11, 1929.

The New Essex

Makes and holds its friends not only because of its exceptional merit but because we put behind it a spirit of courtesy and a maintenance system that is almost as good as the car. The interest we take in the customer adds just that much to the desirability of buying here.

The Essex is the best of its kind and that has been proven. Those who have bought cars and tires and other merchandise here know that the service we render is the best also.

The New Essex Super Six is a wonder car. The factory deserves that credit. We cannot build Essex cars here but we have spent days and nights perfecting our service to match it. The Essex owner will testify about the spirit of our business.

Mrs. K. K. Robbins Hostess To Members Of History Club

Mrs. K. K. Robbins was hostess to members of the History Club at her home Tuesday afternoon. Roll call was answered with aviation news notes.

Miss Winnie Henderson was leader for the afternoon, and she was assisted by Miss Mary Lake Henderson. In keeping with the Armistice season the latter gave as her part of the program excerpts from her diary of her European trip, telling of visits to the cemeteries of World War heroes in Flanders Fields and to the graves of the Unknown Soldier in Rome, Paris, London and Washington.

Miss Winnie Henderson discussed efforts that are now being made to promote peace, dwelling particularly on peace treaties. She gave synopses of the book, 'All Quiet Along the Western Front,' by Remarque and the play, 'Journey's End,' by Sherriss. The hostess, assisted by her daughter, Miss Katherine Robbins, served a salad plate at the conclusion of the program.

October Chevrolet Records Broken

Detroit, November 12—All October production records in the history of the Chevrolet Motor Company were broken last month with an output of 85,915 cars and trucks, it was announced at the central offices here today.

Compared with the output of 65,052 units for October of last year, the 1929 October manufacturing volume shows a gain of more than 20,000 units. It indicates an increase of more than 900 cars and trucks a day over the showing for the corresponding month of a year ago.

Chevrolet's record October performance brings output up to 1,275,778 units as of November first. This is more cars than Chevrolet has ever built in an entire year and is nearly five times the number of any other six cylinder car built in an entire year.

Due to the continued high demand Chevrolets plants are working on the biggest November schedule on record. An indication of the volume of business that Chevrolet is doing nationally is seen in the report for the last ten days of October which shows a gain of 49 per cent over the corresponding period of last year. The figures for the period are 36,640 for the last ten days of this October as compared with 24,539 for the corresponding period of 1928.

RESOLUTIONS

Forasmuch as our Heavenly Father through his tender love and mercy has called from her earthly sojourn, our Sister, Annie Smith.

Be it resolved that we, the members of Jones Prairie Chapter No. 288 Order of the Eastern Star extend to her family our deepest heart-felt sympathy in these sad hours.

That we pray our Father's richest blessings be given them and that they may be able to say, she has only passed out of the shadows into Eternal day, so why do we call it dying, this sweet going away?

Be it further resolved that a copy of these resolutions be sent to the Cameron Herald, one spread on the minutes of our Chapter and one sent to the family.

Fraternally submitted,

Horse, Dog, Mustache, Wife Steel Profits, One Billion A Wall Street Necklace Two Billions of Us

The rules of West Point forbid the cadet to have 'a horse, dog, wife or mustache.'

Cadet Paul Capron, Jr., found he could get along without a horse, dog or mustache. But when he saw Marguerite Gillespie, Cadet Capron, decided that the academy rules were too strict.

Miss Gillespie is now Mrs. Capron, and Mr. Capron, no longer at West Point, is now looking for a newspaper job in Boston.

Ancient Sparta had rules similar but more severe for young men. It is wise to bar mustaches that gather germs. Horses and dogs are not necessary. But why shouldn't a young West Pointer marry if he wants to marry?

If you have a steel business, and run it well, you can make money in America, with help of a protective tariff.

Income tax reports of the leading steel companies show that in six years past they have paid income tax on one thousand million dollars of profit.

A billion in six years is good profit, but no more than a great industry should make in a prosperous country.

The benefit of buying at home from your own people, even if you pay a little more, resides in the fact that the money stays here, goes into other American enterprises, more factories, more production, more prosperity.

Where a few persons are gathered together, only the stock market is discussed. A Fifth avenue jeweler in New York lets it be known that he has for sale a \$300,000 pearl necklace, which can be bought for \$100,000. But it must be all cash. Some lady apparently expected prices to go up forever.

Wall Street names a speculator alleged to move from the ticker to his automobile surrounded by five men to guard him. He started a bear pool two weeks ago.

A few friends each invested \$100,000, and each has thus far taken out in profit \$1,500,000.

The five body guardsmen are hired on the assumption that angry losers might plan level for the head of the bear pool.

The rain falls on the just and unjust, and a market slump falls upon the good and bad stocks.

Of millions that rushed to buy stocks when they were going up, only a few, the wise minority, will know enough to walk in carefully and buy them when they fall below what they are worth.

Wise old Rothschild who said he made his money 'selling too soon.'

The human family is bigger than it thought. The league of nation's statistical department shows that earth's population is only 50,000,000 short of 2,000,000,000.

Two thousand million human beings is a big crowd, of whom the majority never think, and a minority think occasionally.

The wonder is not how slowly we progress, but that we progress at all, the few dragging the many along with them.

Uncle Sam, you will be glad to hear, has started a really big dirigible for carrying passengers and for fighting purposes. A golden rivet, driven by Admiral Moffett, completed the 'master ring' of the new dirigible.

The lighter than air ship, 785 feet long, 140 feet high, will carry 6,500,000 cubic feet of helium gas. The Los Angeles carries 2,500,000 cubic feet, the Graf Zeppelin, 3,700,000.

This newest, greatest of air giants, built by the Goodyear-Zeppelin corporation, will have as part of its equipment five airplanes to fly around it, warding off airplane attacks in war. Let us hope that will not come. Let us also remember that we shall be much less apt to have it if we keep ourselves ready for it.

Douglas Davis flew from New York to Atlanta, Ga., in five hours, a record.

Shortly, New York, Chicago and other cities' business men, after the stores and exchanges close on Saturday, will fly south in the winter, landing in time for dinner at the beautiful resorts on the Georgia coast, in time to swim or play golf before dinner.

Treasury department statistics show that somebody is prosperous.

Two hundred and ninety Americans reported incomes over \$1,000,000 each. Combined incomes of the 290 amounted to \$600,000,000.

Eleven reported incomes above \$5,000,000 each. The income of the eleven totaled \$95,000,000.

And this gives no idea of our really big incomes. Several men in America have \$50,000,000 a year each, one at least an income exceeding \$100,000,000. Their properties are in stocks that pay corporation income

POULTRY SHOW OPENS IN CAMERON FRIDAY

FAIR WEATHER EXPECTED FOR ANNUAL SHOW AND BIG DISPLAYS EXPECTED

The Milam County Poultry Show will open in Cameron Friday morning, November 15 and continue thru Saturday, November 16.

Fair weather was predicted for the two days and it is expected that a large display of poultry will feature the 1929 show.

Secretary Wm. Cobb of the Cameron Commercial Club who has been active in promoting the shows here for a number of years expressed the belief Thursday that a large number of exhibits from the Cotton Palace show at Waco would be in the display hall of the Milam county show.

The poultry shows held in Cameron have been splendid exhibits and have encouraged the poultry raisers in Milam county to raise better grade poultry. Mr. Cobb will have the co-operation of George Banzhaf, county agent and Miss Minnie Bartholomew, the home demonstration agent.

The prizes to be given by Cameron merchants are the same as prizes offered last year. The show is sponsored by the Cameron Commercial Club and will attract a large number of exhibits from the choice flocks of Milam county chickens.

No extra fees will be charged to Milam county breeders, otherwise the competition will be open to all. Coming so closely upon the heels of the Cotton Palace some large out-of-town exhibits will no doubt be entered.

The poultry show will be held in the building formerly occupied by the tailor shop next to the

VETERANS HERE ENJOY ARMISTICE PROGRAM

DINNER AND PATRIOTIC PROGRAM FEATURES DAY AS EX-SOLDIERS GATHER

Armistice Day, November 11 was observed in Cameron with the annual dinner for the veterans, a patriotic program and a football game in the afternoon.

It was estimated that more than 300 veterans attended the dinner. The dinner was in charge of Mrs. B. P. Matocha and with her assistants the men were served and entertained in the Knights of Columbus hall.

Royal P. Jeter delivered the address of the day. He discussed at length the part played by the American men in the world war and their continued contribution to the peace time program of the nation. The address of Mr. Jeter was thoroughly enjoyed. He is an entertaining speaker and on this occasion spoke at length on the various phases of the war period, lauding the patriotism of the men and recalled with characteristic eloquence the stirring days of 11 years ago when the flower of the nation was called to defend the ideals of a country.

Dr. John L. Denson spoke on the benefits of hospital service for the ex-service men as supplied by the government. Dr. Denson was a major in the medical corps of the army in France. Mr. Jeter at one time served in the United States navy.

Music for the occasion was furnished by the Pioneer Band led by J. T. Parma. J. D. Baskin was master of ceremonies. He served with the army in France.

In the afternoon the Yoemen played the Southwestern University reserves in the annual gridiron game. The Yoemen lost the game 18 to 0.

Equipment Here For New Hatchery

Equipment for the new hatchery of Horning Brothers of Lexington is in Cameron and ready to be installed. The proprietors of the new plant will be in Cameron Wednesday making arrangements for the installation of the plant.

The new hatchery will be located in the Mondrik building next to the Howell music store.

The hatchery is expected to be placed in operation by December second. Horning Brothers have been operating a hatchery in Lexington for a number of years and are experienced operators. A factory representative will be in Cameron to assist in the installation of the plant.

Cameron Banks Will Close At 4:00 P. M. On Days Beginning 14th

Cameron banks will close for the day each day at 4 p. m., beginning Friday, November 14th. Announcement to this effect will be found in this issue of The Herald signed by the Cameron State Bank, First National Bank and the Citizens National Bank.

The banks ask the co-operation of their patrons in observing this hour for closing. Employees of the banks will appreciate this hour of closing because it will give them opportunity to leave their places of business at an hour customary for other workers. Bank books must be balanced each day and the detail work of each day closed for that day.

Beginning Friday, November 14 the banks will close at four o'clock in the afternoon.

Singing Convention To Meet In Cameron On Sunday, November 17

Preparations were well under way Thursday for entertaining the Salty Singing Convention which meets in Cameron on Sunday, November 17.

The convention which will attract singers and visitors from all sections of Milam county will be held in the auditorium of the Yoe High school building. A number of leading singers from over the state have been invited.

Weather conditions have improved and it is expected that the 1929 convention will have a record attendance. Carence Jackson is president of the convention. It was announced that plans were under way to entertain the singers.

The convention has met in Cameron on several occasions and the people have extended every possible courtesy. The convention brings to this city a large number of people who do not visit in this city often and those in charge of local arrangements invite the people to attend and to assist in the entertainment of the visitors.

Grand Jury Holding Session May Report To Judge Friday

The Grand Jury in session here was continuing its sessions Thursday and it was expected that the jury would render a report possibly Friday.

The jury began its work here Monday for the November term of court. There have been no cases tried in District court this week but the docket will be taken up beginning next week.

YOEMEN POLISH UP FOR GRID BATTLE

MUST PLAY BRYAN, FRANKLIN AND BRENNAM TO WIN DISTRICT TITLE, IS REPORT

Coach Perkins was busy today making plans for the football game in Cameron Friday against the Bryan high school team and again on Monday November 18 he must lead the Yoemen against the team from Franklin.

Both games will be played on a local gridiron. On Friday November 22 the Yoemen will go to Brenham to play that team and all this is necessary to win the district title, it was announced here this morning.

When the Caldwell game was played it was announced as the deciding factor in the district championship and Cameron was by that victory thought to have been champions of the district. But it now appears the Yoemen must press on further with the schedule.

It is believed that the Yoemen will have no trouble this year in winning the title. The other teams have been beaten by Caldwell and Cameron defeated Caldwell here.

Cameron people are urged to attend the game here Friday and Monday. If possible arrangements will be made to have a large delegation go to the game in Brenham as that will be the hardest game of the schedule of three games remaining to be played to decide the title.

REV. P. T. RAMSEY TO CHURCH AT CROCKETT

REV. C. A. LIMBERG TO SUCCEED REV. RAMSEY IN LOCAL PULPIT

Rev. P. T. Ramsey, who has been pastor of the First Methodist church in Cameron for the past two years has been transferred to the First Methodist church in Crockett.

The transfer of Rev. Ramsey was made at the Methodist conference in session at Palestine.

Rev. C. A. Limberg will succeed Rev. Ramsey as pastor of the First Methodist church in Cameron. The new pastor will be welcomed to Cameron next week.

Rev. Ramsey has directed the affairs of the church here for the past two years and the people in Cameron will regret his departure for the charge at Crockett. He will preach his farewell sermon in the local pulpit on Sunday.

Parents Day At Schools November 15

Friday, November 15, is Parent's Day on the calendar of the Parent-Teacher Associations. Friends and patrons of the Cameron schools are requested to visit their schools at any time most convenient during school hours. The teachers will welcome you, and in no other way can you so well get in touch with the surroundings of your children. You will find new friends, get new ideas, and exhibit a spirit of kindly cooperation. Visit your school on Friday.

The executive board of the Cameron P. T. A. had a meeting Wednesday morning at nine o'clock at the home of its president, Mrs. H. E. Garner. Plans were completed for the regular monthly meeting of the Association on the following day, the constitution and by-laws were read. Mrs. E. A. Wallace and were accepted by the board. Reports from standing committees completed the business of the morning.

Miss Clyde Baskin, who teaches at Bartlett, came home for the Armistice holiday and brought with her as guest, Miss Aline McKenzie of Denton who also teaches at Bartlett.

Suit Grows Out Of Personal Difficulty And Signing Bill

The case of J. A. Jamison vs. W. W. Cox now being tried in district court was begun on Tuesday of this week and it was expected Thursday that the trial would be concluded on Friday or Saturday.

The case is a suit brought by Jamison against Cox growing out of the signing of a lie bill which the defendant is alleged to have made the plaintiff sign as a result of remarks alleged to have been made about one of the daughters of the defendant. At the time of the signing of the bill, it is alleged that a fight occurred as Jamison seeks damage as a result of the trouble, it is said.

The case has attracted considerable attention, the court room being crowded with witnesses and interested spectators.

CHRISTIAN REVIVAL CLOSED WEDNESDAY

PASTOR HARDIGREE TO BEGIN REVIVAL IN ROCKDALE CHURCH NOVEMBER 14

The revival conducted by Rev. Joel B. Hardigree, pastor of the First Christian church, in the Presbyterian church building closed Wednesday evening with Mr. Hardigree's sermon on 'The Christian Growth.'

Last Friday evening Rev. J. P. Love, pastor of the local Episcopal church, contributed a sermon which was very interesting and was enjoyed by an attentive audience.

The Saturday evening audience was larger than expected.

The church was well filled Sunday morning when Mr. Hardigree spoke on 'The Love of God' and again Sunday evening when he spoke on 'The More Excellent Way.'

Monday was a holiday, but despite that fact a number of people were out to hear 'A Change of Heart.'

Tuesday evening Mr. Hardigree's sermon was 'A Plan of Salvation.'

The meeting was a success and the church pleased with the results. Again we wish to thank and to express our appreciation to the members of the Presbyterian church for the use of their building. It was considerate of them to let us use the building and we tried to show our gratefulness by taking care of it.

We thank the Presbyterian choir members who faithfully and willingly sang during the meeting. We also wish to thank those of other denominations who assisted with the singing. We are grateful to all who participated in this meeting to promote its success.

As stated last week, we are happy over this fine fellowship and feel that our efforts were not in vain. No additions were secured, but, after all, the meeting was not held for the purpose of getting new members (though we would have gladly accepted and welcomed any who might have come) but was held for the purpose of reviving the membership and of bringing them into a closer brotherhood and relationship.

Especially do we wish to thank Mr. C. S. Hayes for the services he rendered and for his able assistance. His solos were enjoyed by all and contributed greatly to each service and the revival in general. His happy disposition and cleverness brought much into the meeting. We were happy to have him in our midst and hope we will have the pleasure of entertaining him upon each return to Texas.

Rev. Hardigree and Mr. Hayes go from here to Rockdale to conduct a revival at the church there. The meeting will start Thursday evening, November 14, and continue through the 24th. The members and friends of the Christian church are invited to attend these services, as they are contributing to State Missions.

COTTON REPORT

There were 36,794 bales of cotton ginned from the crop of 1929 prior to November 1 as compared with 60,661 bales ginned for the same period in 1928. This report is made by Grover H. Albert of Burlington, special agent for the Department of Commerce, Bureau of Statistics. The total figures shown for that date in 1928 represent all but 9000 bales of 1928 crop as a little over 63,000 bales were produced in 1928. It is estimated that the crop this year will be slightly over half the size of the 1928 crop.

BOY SCOUT SERVICE BUILDING CHARACTER

STANLEY HARRIS, VETERAN SCOUT WORKER, TELLS LIONS OF BENEFITS

Character building is the outstanding benefit of Boy Scout work said Stanley Harris, national organizer for the movement in America in an address before the Lions Club Tuesday. Mr. Harris made the address thru the arrangement of the program committee of which F. E. Jackson was chairman.

As a member of the national staff Mr. Harris has had wide observation and a ripe experience. He came to Texas in the interest of inter-racial scout work, a division of the service he now superintends. He told of the work of organizing scout movements among the negroes of the south and the results obtained through this work in building character.

A discussion of the crime wave in America came in for a portion of his address.

In centers where scout work is undertaken on a substantial basis crime among young boys has been reduced to a bare minimum and in no instance on record has a scout fallen below the standard or become involved in criminal practices.

He told of the work being done among all nationalities in America and the good results obtained. Mr. Harris is the oldest man in point of service now allied with the scout movement.

The members of the high school glee club presented an American song in costume.

President Martin urged Lions to attend the banquet in Temple on Thursday night which is being arranged in honor of Melvin Jones, International secretary-general. Ray Burke, as chairman of the committee has asked that Lions who plan to attend the banquet notify him before the meeting so he may inform the Temple committee of the number to attend from Cameron.

The program for next Tuesday will be in charge of W. O. Newton and committee.

Miss Delphya Scott Now Writes For San Benito Newspaper

Miss Delphya Scott, former assistant editor of the Cameron Enterprise and for a number of years, prominent local newspaper writer, has accepted a position with the San Benito News and will be there in the future.

The many friends of Miss Scott in Cameron will be pleased to note that she has taken up newspaper work in the valley city. She began her work there on November 6. The San Benito News is a weekly paper and one of the best in the valley and Miss Scott will be responsible in a large measure for the continued standard excellence of that publication.

Purina Feed Display At Poultry Show

Of special interest to exhibitors and visitors to the Milam county poultry show here Friday and Saturday will be the display of Purina Feeds by Mondrik Brothers who have been requested to feed the poultry during the show.

An advertisement in this issue of The Herald tells of the merits of this feed for poultry and dairy cows.

MRS. G. N. SMITH

Mrs. G. N. Smith, age 67 years, died at her home in the Jones Prairie community on Thursday, November 7 at eleven o'clock in the morning. Funeral services were held Friday afternoon November 8, at three o'clock at the Little River church, with Rev. R. Dobson officiating. Interment was in the cemetery adjoining the church, Green Brothers in charge of arrangements.

Mrs. Smith is survived by her husband and four children: Hubert Smith, Mrs. Archie McLerran and Mrs. Dewey Black, all of Jones Prairie and Mrs. Alfred Wall of Baileyville.

MRS. SARAH JANE BOOTH

Mrs. Sarah Jane Booth died at her home in Cameron on Thursday, November 7. Funeral services were held from the home of her step-son, Hammond Peed, at two o'clock in the afternoon, November 8, with Rev. J. Love officiating. Interment was in Oak Hill Cemetery, Green Brothers in charge.

Mr. and Mrs. J. M. Bowman and Dr. and Mrs. James Watson went to Moreville Monday to attend the funeral services of an aunt of Mrs. Watson's and Mr. Bowman's.

Texas and Texans

By Will H. Mayes

Smith County Peaches

If there is anything in the adage 'By their fruits ye shall know them,' Smith county is likely to be the best known part of Texas in a year or two, as 35,000 young fruit trees, mostly peaches, were planted there last year. Several fruit growers have more than 100 acres planted to peaches. The county has long been noted for its fine fruits, dewberries and strawberries. Pecan orchards planted in recent years are also coming into nice bearing. It hasn't been long, either, since that county was thought to be good for nothing much except corn, cotton and politicians.

East Texas Today

But Smith isn't the only East Texas county that has changed in recent years; progress is evident in every part of East Texas. Not only are the farmers practicing diversification in their farm operations, but they have substituted registered hogs for razorbacks, shorthorn and Jersey cattle for longhorns, record-laying hens for barnyard dominiques, paved highways for sand roads, and consolidated schools for the one-teacher schoolhouses. There is one thing East Texas is doing though, that this columnist doesn't like. Its Chamber of Commerce is issuing a monthly publication that causes him to want to pack up and move over there every time he reads a copy of it. This makes him restless.

Christmas Strawberries

The Javelin (that's a newspaper) at Carizo Springs (that's a town) says that strawberries (that's the chief ingredient of short cakes) will be shipped from there in large quantities for Christmas dinners. This paragraph is a reply that they will be mighty acceptable all over Texas if the price is within reach of the average householder and is also a notice to the producers that this columnist always has a large family at home at Christmas time. Perhaps that is as much as should be said just now.

No, it isn't, for here is an article from San Benito in the Lower Rio Grande Valley, that the largest acreage of strawberries ever set out there

is going to be ripening for the Christmas dinner table.

Turkeys Ripening, Too

At least a dozen newspapers reaching my desk this week report the opening of new produce houses for handling the Thanksgiving and Christmas turkey crops, which seem to be abundant in most parts of the State. There is a strong rivalry between Cuero and Brady as to which produces the most and the best turkeys, with Lampasas, San Saba, Brownwood, Llano, Burnet and a half dozen other places claiming that, while other sections may make more noise about it, they are the centers of Texas turkey production. This scribe is not in position to settle the dispute.

Frank Kell's New Road

Frank Kell of Wichita Falls, is always busy at some big thing, and now one of his score of enterprises is a railroad from Abilene to Cross Plains and the road will give Abilene direct connection with Waco. It will penetrate a rich agricultural and stock section, the development of which will be much faster when it gets a railroad outlet. Men like Kell help a country while helping themselves in their enterprises. Cross Plains will profit much from the new road.

Power Plans Revived

It begins to look like the Colorado river is to be dammed after all. The Insull interests withdrew from the proposition after Brownwood refused to let them have all the water the stream and all its tributaries could furnish, but now it is stated that another organization has become sufficiently interested to ask for a renewal of the permit which will soon expire. The company, which has headquarters at Seguin, says it has expended considerable funds on the project and that its first work will be to build the dam at Marble Falls, which will be used to furnish power for the cotton mills to be located there, a project that has been delayed for some time pending settlement of the water rights controversy.

Some Cotton Haul

In the cotton parade at the Waco Cotton Palace there was a bale of cotton that had been hauled there by truck from Sudan, Texas, 454 miles from Waco. The owner or hauler received a prize of \$50 for bringing the cotton the longest distance to enter it in the parade. That is some distance, but the cotton was brought only to about the center of the State.

Brownsville should try to get that bale of cotton taken the rest of the way across Texas.

Large Wheat Crop Planted

Panhandle farmers must think that the Federal Farm Bureau is going to help them sell their next wheat crop to advantage. An increase of 42 percent over last season's planting is shown in a survey that has been made. The estimated crop for that section is 2,500,000 acres, as compared with 1,750,000 acres last year. Production for the section last season was 42,000,000 bushels.

Road Building Increases

Sixteen States have curtailed their road building this year despite the nation-wide appeal of motorists and road builders for more roads. In 7 other states road building expenditures will fail to keep pace with the increase in automobile registrations, according to a report of the American Motorists' Association. Texas is one of 7 states, where the highway programs provide for increased expenditure, the other states being Georgia, Idaho, Kentucky, Massachusetts, Mississippi and Tennessee.

Mineola Steps Up

The discovery of oil at Van, in Van Zandt county, has given an impetus to improvements in that section of the state. Hotels are being built to accommodate the crowds that are coming and expected to come to the section. Chambers of Commerce are being organized and those that have lapsed activities are being reorganized. Mineola is one of the towns that is taking on new life and making numerous civic improvements. Oil is of benefit to more interests than just the owner of the oil wells.

Weatherford's Fair

Weatherford opened its fall fair with a parade two miles long, which was followed by a record breaking attendance at the fair, something most of the county fairs are doing this year. What a pity it is that Weatherford does not have its annual fair during the watermelon and cantaloupe season. A two mile parade then could be given that would attract nationwide attention. But perhaps Weatherford people are then too busy selling and eating melons to exhibit them in a parade.

Building Fine Church

Fort Worth Methodists have started a church building that will cost \$650,000. While that sounds like a big

sum of money, Fort Worth Methodists are rich enough to build the church and not miss the money. Of course there are some poor church members in Fort Worth, as everywhere else, but as a rule the poor folks belong to the less expensive suburban churches, where they feel more at home than in the rich temples.

Maverick Water Plans

Application is pending with the State Board of Water Engineers for permit to divert water from the Rio Grande in Maverick county to operate a large power plant and irrigate some 60,000 acres of land, the water to be returned to the river after being used. The project contemplates an investment of some \$6,000,000.

Hamilton Has Gas

Hamilton now has natural gas and is feeling good about that and the fact that it has paved its principal streets. Texas towns are awakening to the fact that it pays to be comfortable and most of them now have most of the conveniences to be found in the cities.

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Milam County, of the 6th day of November, 1929, by Penn Wolf, clerk of said court for the sum of One Hundred Ninety Five and 20-100 Dollars and costs of suit, under a judgment, in favor of The State of Texas, plaintiff in a certain cause in said Court, No. 883 and styled The State of Texas vs. E. when you want them

HERE'S a handful of Purina Poultry Chows turned into eggs. Hens get from Purina exactly the material from which to make eggs and keep up in body weight. Once you see the extra eggs you get by feeding from the Checker-board bag you'll never feed anything else but Purina Poultry Chows. How many bags do you want today?

PURINA FEEDS

The greatest ration for poultry and dairy cows that has ever been sold to farmers. Purina Feeds not only have been proven superior in every test for results but they are sold over long years of use and Purina has a reputation to keep. Those who use it know Purina. A Body Building Feed; An Egg Producing Feed; A Milk Producing Feed.

MORE MONEY TO YOU!

We welcome you to this exhibit and to the show. You can know more about Purina Feeds when you see their use at the Poultry Show. We have been selected to feed chickens at the Poultry Show with Purina. Purina is the supreme Feed for Chickens and that is why poultry and egg producers use this feed in their business.

See Our Exhibit At The MILAM COUNTY POULTRY SHOW

In Cameron, Nov. 15-16

Your advantage in buying Feeds from us lies in the fact that we sell PURINA and also that we stock these feeds in quantities, thus assuring you at all times a supply. You can buy PURINA in quantities to suit your needs and we always have a stock on hand. We consider it fortunate that we are able to render a distinct service to poultry and egg producers and to the dairy men. Right now when we are turning our efforts in this county to diversification and a balanced income on the farm there is nothing better than using the right kind of feed. When you want money from your chickens and from your dairy cows you must use the feed that produces results and you are not interested in any other kind of feed. We feel safe in saying that results such as you never thought could be obtained are available to you in the use of PURINA FEEDS.

The right use of Poultry and Dairy Feeds is a result of years of testing that is why Purina stands out today as the Supreme Feed for your needs. We want to serve you and to prove what we say about Purina is true and to afford you the results you need for profitable production of eggs and milk.

Larger, Quicker, Cheaper Gains

Corn alone doesn't make pigs grow big enough or fast enough. It needs a supplement, and Purina Pig Chow added to your corn will give you just the right proteins and minerals for big frames and quick growth.

Quick growth means early market—high prices—more profit. Ask us about Pig Chow today.

GAUSE

Armistice Day, November 11, was observed in the Gause public school by giving the students a half day holiday. Some of the students and teachers attended celebrations elsewhere.

The Pin Oak school was dismissed Monday, November 11, in order that a number of the children might attend the Armistice Day celebration at Cameron.

The B. Y. P. U. is the best we have had. There is great interest taken in each of the four departments and all are well attended.

Rev. Kendall and wife, pastor of the Baptist church, filled his regular appointments Sunday. At the morning services J. W. Pitts gave a very interesting report of an associational meeting held at Little River Thursday and Friday. One of the most interesting reports concerned the Mexican Missionary work in Milam county. Those attending the meeting from Gause were G. W. Bland, J. W. Pitts, D. W. Key and A. L. Madden.

The evening services were good, the singing was fine. Mr. and Mrs. Cook, Messrs. Hickman and Denman sang a very beautiful number. Miss Mary Sue Walker, teacher in the Gause school, was admitted to the church by letter and Mr. Audie Crockett by baptism.

Epworth Leaguers and a number of visitors enjoyed a program in keeping with Armistice Day, Sunday evening. The subject for discussion was 'Can the term 'Christian' apply to a Nation?' Miss Edril Wilson, president of the League, read a very interesting account giving the meaning of Armistice Day some interesting statistics of the past war and how much more horrible a war in the future could be made with the newer inventions and gas chemicals which have been worked out to so fine a point.

To the disappointment of many, Rev. Weeks, former pastor of the Methodist church, was not sent back to his old charge. Our new pastor will be Rev. Ed Prather. He is expected to fill his first appointment at Gause Sunday, November 17. Everybody is invited to come and give him a hearty welcome.

Gause has been blessed with much rain the past week after a long dry spell. Dust and sand beds have been turned into mud holes which have proved to 'stick' several cars.

The Ladies Aid met with Mrs. Lizzie Tidwell Monday afternoon. Those attending enjoyed the meeting very much and urge others to come.

The Ladies Missionary Society met at Mrs. S. R. Cochran's Monday afternoon for the election of new officers.

cers. Mrs. R. B. Self was elected president, Mrs. D. D. Todd, vice-president; Mrs. S. R. Cochran, secretary; and Mrs. A. Varner, treasurer.

Mrs. Davis of Cameron visited her little daughter, Frances Kent, and sister, Mrs. W. B. Cochran.

Misses Elaine and Juanita Thomas and James Harwood of Rosebud spent Sunday and Monday in Gause. Mr. and Mrs. J. H. Thomas and daughter, Emma Howard of Rosebud visited in Gause Monday taking Elaine and James back to Rosebud in the afternoon. Juanita will spend the week with her friend, Oradell Cochran.

Mrs. Bailey is visiting her son, W. H. Bailey.

J. M. Kilpatrick has returned to his training at Fort Sam Houston after a visit with his uncle, G. W. Kilpatrick, Sr.

Mrs. Lillie Partridge returned from the Cameron sanitarium Sunday where she has been very ill the past week.

Mrs. T. S. Lindsey was brought home from the Cameron sanitarium Saturday after undergoing an appendicitis operation several weeks ago.

Mr. and Mrs. Terry Moore and children of Richmond were guests in Gause during the week end.

Mrs. Knox Tidwell and mother, Mrs. Thorpe, of Hearne visited their sister an daughter, Mrs. L. S. Cunningham, Sunday afternoon.

Mr. and Mrs. Ed Fowler of Georgetown are visiting relatives in Gause.

Merton Bowling and Bill Gause, who are attending school in Cameron spent the week end with their parents.

Mrs. Jim Stroud and Mrs. Nichols and children of Cameron were the guests of their sister, Mrs. John Morgan.

Robert Obbts of San Marcos was the guest of Miss Alma Marie Barnes Sunday.

Those attending the celebration and turkey dinner given in honor of war veterans from Gause at Cameron on Armistice Day were Mr. and Mrs. J. Morgan, W. H. Bailey and Mr. Partridge. Mr. and Mrs. Cook, superintendent and teachers in the Gause school, attended the celebration after school was dismissed at noon.

Mr. and Mrs. Arthur Bawling attended the Hearne and Franklin football game in Hearne Monday afternoon.

Messrs. W. B. Cochran, Joe Gregg Moore, Thomas Grey Ferguson and Cecil Butler all attended the Franklin Hearne football game in Hearne Monday afternoon.

VALLEY NEWS

The rain of last week was fine. I don't think they can say we haven't enough rain for moisture now.

Those visiting in Tom Henson's home Sunday were Bert Kenedy, Homer Watson, Tom Story and Annie Hunt.

J. R. Hunt was visiting in Fort Worth last Thursday and Friday.

Dwight McDonald has moved to North Elm where he will make a crop.

John Perskey visited the Cotton Palace at Waco the past week.

Some of the people here went to Cameron to celebrate the Eleventh and all reported a good time.

Mrs. Clara Nell Henson of Rogers who is in the hospital at Temple is reported better at this writing.

Ples Henson spent Sunday afternoon with Robert Hunt.

Mitch Mitchem was shopping in Rockdale one day last week.

Mrs. Dollie Voyles and children were visiting Mrs. Mabel Henson Sunday afternoon.

SHARP 4-H CLUB

The Sharp 4-H Club meeting was called to order at the school house Friday morning, November 8 at 10:45 by the president. The president asked the secretary to call the roll and the minutes of the last meeting were also read by the secretary.

Putting the Ability In Possibility

Many a business man has found it necessary to pass up excellent possibilities because his financial status or lack of information would not permit him to take advantage of opportunities.

This institution, through its broad experience, its close contact with the commercial world, its strength and far-flung influence, has provided many of its commercial depositors with the ability to seize opportunities otherwise beyond their reach.

Perhaps we can serve you as profitably.

THAT PENITENTIARY REPORT

The Texas Prison Locating Board has recommended the location of the proposed new penitentiary system on a site 'within 20 miles of Austin.' Other recommendations are also made which are practically a repetition of the platform upon which Hon. Lynch Davidson made the race for Governor in 1924. Davidson offered a sane, business-like plan for rehabilitating the penitentiary system. He was given the cold shoulder last year, and again in 1926. Now the most thoughtful political minds have turned to the Davidson plan, and are recommending it to the people for adoption.

The Reporter sees no hope of it being adopted. It looks now as if the penitentiary system is to be continued as the State's political football, and the entry last week of Jim Ferguson as a tentative candidate for Governor will add mud to the already muddy waters. The present Legislature cannot be expected to adopt the locating's committee's report. It has already gone on record as opposing the removal of the penitentiary from its present holdings, and Governor Moody's plan to call a special session in January to consider the report can only result in defeat of the proposition at considerable expense to the taxpayers.

Indications are that next year's political campaign will be the fiercest in the history of Texas; and that will be 'going some,' for this State is notorious for its red hot campaigns. Undoubtedly the penitentiary problem will be the chief issue in the campaign. Ferguson knows this, and astute politician that he is, he sees an opportunity to stage a come-back by appealing to the prejudices of a certain element. Texas has suffered long at the hands of the pie-counter politicians and demagogues. It looks like she is destined to suffer some more. She needs to be sent to a new hospital and have her appendix removed by making a practically clean sweep at the polls of the present set of men who 'represent' her at Austin.—Rockdale Reporter.

History of the Month

November was one month the Romans never troubled themselves to give a specific name. "The ninth month" it was called for that was originally its place in the calendar. From the Latin word 'novem' meaning nine has come our name for the month.

Later when two extra months were added and November became the 11th month its name was not changed. At one time, however, a change was suggested. July had been named for Julius Caesar and August for Augustus Caesar so a subservient senate offered to call the eleventh month after Tiberius Caesar. He declined saying, 'What will you do if you have thirteen emperors?'

Some things in this world have to be accepted on faith, among them is the statement that Chase's picture is on the new \$10,000 bills.

A number of senators heckled Chairman Legge of the farm board by asking why the farm problem had not been settled during the two months he had been in office. In as much as the politicians have been working something like eleven years on the project we think it no more than fair that Chairman Legge be allowed another month to effect a solution.

Our daily publishes pictures of the Nebraska couple who attracted attention when the husband killed the wife for refusing to kiss him. There are two things in the case that we don't understand. After seeing the picture of the woman, we don't understand why the man wanted to kiss her and then looking at the man we can't understand how he would think any woman would want to kiss him.

The women folks are rebelling against the return of the lengthened skirt. It was easy to shorten the long long to short, but the present change presents some difficulties. The women folks say they won't go back to long skirts, but when fashion cracks her whip there is no argument.

Fortunately few homes are troubled with the problem that tortures social Washington, which is: Who shall occupy the seat of honor. Out this way

any seat that affords access to the bread plate and gravy bowl is a seat of honor.

It is interesting to note these days when so much attention is being paid to show and parade and ostentation that the two marriages that have occurred in this country during the past year that might have been staged with a most lavish setting were marked with simplicity and were singularly free from anything of the spectacular. We refer to the marriage of Col. Charles Lindbergh and Anne Morrow, and John Coolidge and Florence Trumbull. In both cases the principals were so connected financially and otherwise that the ceremonies could have easily been made the outstanding social events of the year. But instead, good taste and good sense prevailed in both instances and the weddings were quiet, dignified and free from the commotion and excitement and hurrah that less discerning families possess ideals that we like to think of as Americans.

Shakespeare says something that sounds like, 'A man may smile and smile and be a villain still.' It may be true, but the other day we looked over the hundreds of pictures in the sheriff's office of men who are 'wanted' for crimes of various kinds and not a single one of them shows a trace of a smile.

Our daily reports that vitamins have been discovered in hash. The importance of the announcement lies in the fact that this closes the quest for a complete list of hash content. Every other known thing had already been discovered in hash by someone.

In the conduct of any business, farming or merchandise, no amount of hard work will take the place of a little good management.

MACHINE ROLLS STEEL TUBES LIKE CIGARETTE

OAKLAND DEVICE RECALLS TECHNIC OF BILL HART WHO ROLLED 'EM ONE-HANDED

The deft technic if Bill Hart who casually rolled a cigarette with one hand in his western film 'thrillers' is duplicated at the Oakland-Pontiac factories by a new machine which rolls flat ribbons of steel into perfect tubes and seals them with the fiery tongue of an electric current.

The machine which cost something over \$50,000, 'rolls its own' with such startling rapidity that it can produce the entire supply of tubing needed for exhaust pipes on both the Oakland and Pontiac Sixes. The flat steel stock feeds from a huge reel into one end of the machine and emerges from the other end as tubing of any desired length or diameter at the rate of nearly three-quarters of a mile per hour. The diameter of the finished tubing is accurate to five one-thousandths of an inch.

As the flat steel enters the machine it passes through a graduated series of feed rolls which serve the same function as did the talented fingers of Hart's left hand in executing his famous cigarette trick. As the edges of steel meet to complete the circle, they are welded together by a powerful electric current applied through a copper electrode which rolls like a double-flanged wheel along the line of the seam.

Other appliances remove the surplus welding 'flash' from the tube, jets of water cool it down to normal temperature, it is sized and finally, as it passes from the machine, it is bitten off in the proper length ready for installation on Oakland or Pontiac Sixes.

GREAT GAMES

Football and basketball are great games; in fact, we all like a game of any kind if it is well played. Those who become known as stars at any game have necessarily spent much time in practice and study of the finer points of the game. An untrained player would not think it possible to play a winning game against a star player, yet young men and women without a business training try to play the game of business with the result that in nine cases out of ten, they make a miserable failure. A thorough business training in one of our four colleges would reserve the order of failure to where nine out of ten should make a success. A former student of ours who has made a great success, told us the other day that the money he paid for a scholarship in our school had produced larger returns for him than any money he had ever spent.

Since our four schools have the exclusive use of the Famous Byrne Simplified Shorthand and Practical Book-keeping and no other business college is permitted to teach them, we can graduate a thoroughly trained stenographer, secretary, bookkeeper or accountant in half the time and at half the cost of other schools. Get our free catalogue, it will make clear to you how we can soon have you in a good position, or in business for yourself.

Fill in and mail for free catalogue. Address Byrne Commercial College, either at Dallas, Houston, San Antonio or Oklahoma City as you prefer.

PAINS QUIT COMING

Missouri Lady Says She Got Stronger and Awful Hurting Went Away After She Took Cardui.

Quin, Mo.—"For some time, I had been having an awful time with pains in my back and sides," says Mrs. Robert Cressy, of this place. "My head would ache until I felt as if it would split open."

"I was very weak and nervous. It looked like the least little thing would upset me. I was cross with the children, and I had no patience for anything."

"Often, when I would get up in the morning, I would have to go back to bed. I was so weak. I dragged through my work, but it took all my strength to do it."

"I tried many remedies, but nothing did me any good until I started taking Cardui. I had read how Cardui had helped others, and so I wanted to try it, myself."

"Cardui proved to be all that was said of it. I took it for several months, regularly. At the end of that time, I was in good health, and have been so ever since. I gained in weight, my appetite was good, and I was able to do all my housework without it hurting me. The pains quit coming."

"Thousands of cases similar to that described above have been reported by users of Cardui."

CHRISTMAS SEAL SALE STARTS NOVEMBER 28

PRECINCT CHAIRMEN ARE NAMED AND QUOTA FOR THE COUNTY IS \$500.

The County Council of Parent-Teacher Associations will this year have charge of the annual sale of Tuberculosis Christmas Seals. At a meeting of the Council held in Cameron last week the following organization was effected:

Chairman, Mrs. Albert Rettig, Cameron, Route 3.
Executive secretary, Mrs. J. P. Love, Cameron.
Recording secretary, Miss Jenn Shirley, Cameron.
Financial chairman, Mrs. Floris Criswell, Buckholts.
Publicity chairman, John E. Cooke, Rockdale.
Supply secretary, Miss Bess DuBois, Cameron.
Group chairmen were named as follows:

Precinct 1, Mrs. W. O. Newton, Cameron. Precinct 2, Mrs. Gail Newton, Maysfield; Precinct 3, Mrs. Asa McGregor, Milano; Precinct 4, Mrs. Ed A. Swafford, Rockdale; Precinct 5, Rev. Pentecost, Sharp (Buckholts Route 1); Precinct 6, Mrs. J. M. Mitchell, Buckholts; Precinct 7, J. A. Henderson, Ben Arnold; Precinct 8, Smith Summerlin, Thorndale.

Sale of the Christmas Seals will start Thanksgiving Day, November 28 and will continue until Christmas. The quota for the county is \$500, and if that amount is sold sixty per cent of the proceeds will be retained for health work in Milam county, the balance being sent to the Texas Public Health Association. This quota should be easily attained.

The purpose of this Christmas Seal sale is to get money for carrying out the program of Texas Public Health Association in its campaign against tuberculosis and other preventative diseases. This campaign includes such work as teaching health habits to school children, physical examination, tuberculosis surveys, lectures, literature, exhibits and clinics. It is a worthy work, well established and competently carried on by a recognized head, and is credited with a flattering degree of success and progress. The co-operation of all citizens of Milam county is cordially urged.

There is to be a meeting of the Executive board on Friday afternoon at 2:30 in the District court room.

MAN FELT BLOATED

For Distress After Meals, He Takes Thedford's Black-Draught and Says He Obtains Relief.

Gulfport, Miss.—"I have used Black-Draught for about five years," says Mr. George Chevalier, of this city. "I keep it in my house all the time."

"When I feel bloated, and have headache after meals, my method of taking Black-Draught is to take from a pinch to a level teaspoonful in my mouth, dry, and wash it down with about half a glassful of water, regulating the dose according to the situation by taking more or less, according to how I feel."

"I usually take a dose on going to bed, when needed, and am relieved next morning."

"I don't know of any medicine that I would exchange for Black-Draught. I believe if anyone is suffering from constipation, and would use Black-Draught as outlined above, he would get relief."

Thousands of other men and women find Black-Draught of great help in relieving common ailments, due to constipation, biliousness and indigestion.

Prepared from medicinal herbs and roots, of highest quality, carefully combined and packaged by automatic machinery.

WHAT WE THINK

One reason some people never get any higher up the ladder of success is that they spend too much time kicking the others in the face.

Don't kick, don't knock, do something constructive.

When I hear a knocker at work I always think, well, what have you done and it does not require any investigation to find that he has done nothing.

The only knocker I am in favor of is one who will knock a few of them cold. We will be delighted to supply the club.

Maybe it doesn't apply here, but this brings to mind the saying, 'You can't saw wood with a hammer.'

The best seller is usually the worst smeller. This applies to books and magazines, not to vegetables.

It is said that saxophone is produced in America every forty seconds. If we were to go on with the statistics, it would be well to have them piled in

one pile—say, in the Sahara Desert.

The latest one is about the Scotchman who paid \$5 for a sight-seeing trip in an airplane. After he got up in the air he tried to persuade the pilot to try for an endurance record.

And then there was the Scotchman who was so close that he got slapped.

The Dayton Journal says that men are like postage stamps. They have to stick to get anywhere.

Scientists have found that castor oil given once in awhile to plants will make them grow faster. Children will no doubt be glad to see it used that way.

It is reported that Harry Lauder, even though a Scot, has offered \$100,000 to the first man or woman to swim the Atlantic ocean.

Some people have a head a foot long, but they don't use it as a rule.

A subscriber writes in to ask if a burglar entered the cellar, would the coal chute? No but perhaps the kindling wood.

The New Astronomy

'What are you doing with broken glass in your pipe?'

'Somebody told me if I smoked glass I could see the eclipse, but I can't even make it light.'

Professor of Aeronautical History, 'Can any one name the first aeronautical journal?'

Voice from the back of the room, 'Fly paper.'

Popular

He thought he'd surely made a hit.

When for his photograph she prayed;

'Out when this calls,' she wrote on it

And gave it to the maid.

Sarcasm, 'Were ya born in a barn?'

More sarcasm, 'Sure, and I get home sick every time I hear your voice.'

Another Proof That Chevrolet Leads the Field

Chevrolet Wins in 50-Mile Race on Midway Track

The same Chevrolet car, a six-cylinder roadster, which won a 50-mile race October 6th, with twelve entries won another 50-mile race at Midway Park last Sunday before a large crowd of interested fans. This race, as was that of October 6th, was 100 laps on the half-mile dirt track at this popular playground. Mule Whiteside drove the winning car.

Sunday's race was a match race against a Model A Ford car—the same Ford which ran in the first race. Both 100 lap races were finished by Chevrolet without a stop with the Chevrolet radiator perfectly cool at the end of the long run. Witnesses state that dozens of people put their hands on the radiator and motor of the winner, and dipped their fingers in

radiator water immediately after it was stopped, and that motor, radiator and water were cool, notwithstanding the Chevrolet ran without a fan the car, the radiator being kept cool, as was stated, by the breeze through the Harrison Honeycomb radiator, the regular stock radiator for Chevrolet cars.

The other entrant in the race was forced to stop four times on account of heating, and finally had to abandon the attempt for this reason. To win the race the Chevrolet continued the run until the 100 laps had been put behind.

The Chevrolet entrant was furnished by the Bell County Motor Company, Belton, Texas.—Temple Telegram, November 11, 1929.

The New Essex

Makes and holds its friends not only because of its exceptional merit but because we put behind it a spirit of courtesy and a maintenance system that is almost as good as the car. The interest we take in the customer adds just that much to the desirability of buying here.

The Essex is the best of its kind and that has been proven. Those who have bought cars and tires and other merchandise here know that the service we render is the best also.

The New Essex Super Six is a wonder car. The factory deserves that credit. We cannot build Essex cars here but we have spent days and nights perfecting our service to match it. The Essex owner will testify about the spirit of our business.

Mrs. K. K. Robbins Hostess To Members Of History Club

Mrs. K. K. Robbins was hostess to members of the History Club at her home Tuesday afternoon. Roll call was answered with aviation news notes.

Miss Winnie Henderson was leader for the afternoon, and she was assisted by Miss Mary Lake Henderson. In keeping with the Armistice season the latter gave as her part of the program excerpts from her diary of her European trip, telling of visits to the cemeteries of World War heroes in Flanders Fields and to the graves of the Unknown Soldier in Rome, Paris, London and Washington.

Miss Winnie Henderson discussed efforts that are now being made to promote peace, dwelling particularly on peace treaties. She gave synopses of the book, 'All Quiet Along the Western Front,' by Remarque and the play, 'Journey's End,' by Sherriss. The hostess, assisted by her daughter, Miss Katherine Robbins, served a salad plate at the conclusion of the program.

October Chevrolet Records Broken

Detroit, November 12—All October production records in the history of the Chevrolet Motor Company were broken last month with an output of 85,915 cars and trucks, it was announced at the central offices here today.

Compared with the output of 65,052 units for October of last year, the 1929 October manufacturing volume shows a gain of more than 20,000 units. It indicates an increase of more than 900 cars and trucks a day over the showing for the corresponding month of a year ago.

Chevrolet's record October performance brings output up to 1,275,778 units as of November first. This is more cars than Chevrolet has ever built in an entire year and is nearly five times the number of any other six cylinder car built in an entire year.

Due to the continued high demand Chevrolets plants are working on the biggest November schedule on record. An indication of the volume of business that Chevrolet is doing nationally is seen in the report for the last ten days of October which shows a gain of 49 per cent over the corresponding period of last year. The figures for the period are 36,640 for the last ten days of this October as compared with 24,539 for the corresponding period of 1928.

RESOLUTIONS

Forasmuch as our Heavenly Father through his tender love and mercy has called from her earthly sojourn, our Sister, Annie Smith.

Be it resolved that we, the members of Jones Prairie Chapter No. 288 Order of the Eastern Star extend to her family our deepest heart-felt sympathy in these sad hours.

That we pray our Father's richest blessings be given them and that they may be able to say, she has only passed out of the shadows into Eternal day, so why do we call it dying, this sweet going away?

Be it further resolved that a copy of these resolutions be sent to the Cameron Herald, one spread on the minutes of our Chapter and one sent to the family.

Fraternal submitted,
